

CHILDRENS SCHOOLING

Adults are not the only victims of AIDS, children are as well. Even healthy children of parents with AIDS indirectly become the final victim.

Due to a family's lack of employment and support, they often struggle to meet the financial needs for their children's schooling.

Imagine what future could lie ahead for some of these children without any education. Phrases like "street children" and "child prostitution" are known all too well.

Our main focus is these children, who are in a high-risk group.

With a solid education as a basis, they will have a much better chance to take care of themselves later in life.

WHAT YOU CAN DO?

You can help us by praying for us and for the families God has put on our hearts.

Pray that God will provide the necessary funds so we can meet financial needs for a child's transportation to school, books, uniforms, shoes etc. and the necessary funds to prolong a mother's life by sponsoring her medicine.

Pray that we will be able reach out with God's love

and care.

One mother wrote: *"My life has been so much easier because I don't have to be concerned where to find money for my children's schooling. Thank you."*

Contact address:

AIDS Care

P.O. Box 27, Amphur Muang
Chiang Mai 50000
Thailand
Tel.: +66 53 241 025

Donations can be send to your local OMF office, mark the donation "Mekong Field, # 302600". Cheques send to Thailand have to be written out to OMF, Thailand.

A mother at 74 years old!

- alone with the responsibility to take care of her 2 granddaughters.

***AIDS became a serious companion
in her life.***

AIDS Care
reaching out to victims of AIDS

We reach out to anyone affected by AIDS with God's love and God's care.

In these people, we see His Glory revealed

Donations can be made through your local OMF office or direct to the address on the last page.

One cannot help all - but all can help one!

AIDS CARE

Many families in northern Thailand have AIDS. They often live under conditions that few can imagine.

Widowed HIV-positive mothers alone with their children, grandmothers alone with grandchildren - all of them are victims of AIDS one way or another.

While their names and circumstances may vary, the typical story is one of a desperate struggle for necessities such as food, clothes and medicine and the schooling their children require.

AIDS Care is trying to meet some of these needs.

We are visiting these families in their homes, trying to reach out with love and care, providing their needs in different ways.

We are just God's caring hand, reaching out in love

PURPOSE

The goal and purpose of AIDS Care is defined as follows:

- To support children's schooling expenses.
- To advise families how to take care of people dying of AIDS and provide for specific needs..
- To meet acute needs by supplying food, clothes etc.
- To support the cost of life-prolonging medicine where appropriate.
- To reach out with Gods love and care.

POLICY

Self-esteem is important in our ministry. Therefore, whenever we help, we always ask people to pay an amount themselves - however small that amount might be. Every person has to take responsibility for their own situation.

AIDS Care has a townhouse in Chiang Mai. The house provides a place to work from and is somewhere people can come to get advise and encouragement.
